A MESSAGE FROM OUR LEADERSHIP

Welcome to ISCM

“

Dear Parents and Students,

It is with great honour and a deep sense of purpose that we welcome you to Islamia School & College Martung. Nestled in the beautiful valley of Martung, District Shangla, our institution was founded on a simple but powerful belief — that every child carries within them a light waiting to be kindled.

We are not just building a school; we are raising a generation. A generation adorned with knowledge and character, grounded in faith and moral clarity, and equipped to serve their families, their society, and their nation with excellence. Our name carries our mission — **ISCM is a Ray of Hope** for every family who walks through our doors, and for every child who dreams of a brighter future.

From the first steps of Nursery to the threshold of Intermediate, we walk alongside your child — nurturing curiosity, building discipline, and instilling the timeless values of Islam alongside a modern, rigorous academic foundation. Our results speak for themselves, but our heart speaks louder: every child matters, every child is capable, and every child deserves a future worth striving for.

We invite you to join our family.

WHO WE ARE

Our Story, Vision & Mission

Islamia School & College Martung was founded in **2017** by sincere, capable, and education-loving individuals — Sir Hilal Ahmad and Sir Ibad Ur Rahman. Their goal was never merely to open a school, but to raise a generation adorned with knowledge, character, faith, and morality — one capable of serving their society and country in the best possible way.

The institution began its educational journey with the Nursery class. By the grace of Allah Almighty, the visionary leadership of its founders, the tireless efforts of its teachers, and the full trust of parents, ISCM achieved new milestones of progress every year. New classes were added step by step, until today, Alhamdulillah, we have successfully reached up to Intermediate (FSc/FA) level.

OUR VISION

To be a beacon of academic excellence and Islamic values in Shangla — nurturing confident, capable, and God-conscious individuals who lead with knowledge and integrity.

OUR MISSION

To provide a balanced combination of modern education, Islamic teachings, and moral training — building strong communication skills, critical thinking, leadership, and a sense of responsibility toward family and society.
